

Hello G-Club'rs, Super Bowl LIV is set with the San Francisco 49ers vs the Kansas City Chiefs. We are pleased to see our preferred AFC Team, KC Chiefs, fulfill their numbers as a participant in Super Bowl 54. The Super Bowl will take place on Sunday February 2 at Hard Rock Stadium in Miami Gardens Florida.

 Our *SBLIV Winner* is none other than the *Kansas City Chiefs*. 

In this Newsletter we will focus on MVP & Final Score as these wagers have enormous profit potential. While we are firmly in the Chiefs camp, we cannot rule out a 49ers victory. Therefore, let's begin with our best bets for **49ERS**:

MVP: If the 49ers win we see 2 generous possibilities for Most Valuable Player:

George Kittle at 15 to 1 odds - as well as **Deebo Samuels** with 26 to 1 odds.

FINAL SCORE: is our favorite proposition wager of the entire year, no matter the sport. This is because Final Score rewards on average 100x your stake i.e. \$10 wager returns \$1000. *Please Note* - with thousands of possibilities expectations should be lowered. Nevertheless, we like our chances...

SAN FRANCISCO 49ERS WIN: (scores are in order from strongest to weakest)

31-30 (150x odds) 30-24 (90x odds)

21-20 (75x odds) 29-20 (175x odds) 31-16 (200x odds)

That concludes the San Francisco portion of this Newsletter.

Now we turn to who we believe will be Super Bowl LIV Champions :

The heavily coded **Kansas City Chiefs**.

MVP: As per our Super Bowl Preview Newsletter, Patrick Mahomes & Travis Kelce are most likely to win MVP. Mahomes is the heavy Vegas favorite, & his odds do not meet our risk/reward requirements. Depending on your risk appetite - parlay Mahomes winning MVP with Chiefs winning the game.

However, Travis Kelce does have rewarding odds around 13 to 1. We want to wager Kelce, AND include Mecole Hardman as well for his favorable 51 to 1 odds. If there is a surprise MVP - it will be Hardman. As a reminder, Mahomes is most likely to win this category, & because of that we do not want to over-wager this proposition.

When it comes to **FINAL SCORES**, the **CHIEFS** are complex, & we have 10 potential Final Scores for them: 4 Top Scores along with 6 alternate Final Scores. Picking your own favorite Final Score is also encouraged. Again, we push *Final Score* because the Odds present a Once-in-a-Year opportunity to hit an enormous Winner.

Top 4 Final Scores:

30-24 (80x odds)

33-30 (200x odds)

24-20 (70x odds)

30-20 (80x odds)

Alternate Final Scores: (in no particular order)

20-16 (80x)

25-10 (125x)

22-20 (150x)

33-21 (150x)

22-9 (150x)

36-14 (150x)

And now, the KC Chiefs Decode from our Super Bowl Preview Newsletter:

The Chiefs look to make their Super Bowl leap this Season. Patrick Mahomes, Travis Kelce, & Tyreek Hill are the keys to a Championship Season, along with Head Coach Andy Reid and Owners Lamar & Clark Hunt.
