

The Brickyard 400 will race on Sunday July 27 at Indianapolis Motor Speedway. This Newsletter identifies the 4 Drivers capable of Victory. Including our sole Top Pick: **BUBBA WALLACE...**

Bubba making **277**th career start on **27/7**. Darrell Wallace Jr =**277**, & his 1st career win came on **277**th day of the year. **277** is the 59th prime number... B.Wallace =**59/23** - July 27 =**59/23**.

Michael Jordan =59 on 7/27/25 =59. Brickyard 400 =**59/203**. Bubba drives for 23XI Racing, owned by **#23** Michael Jordan. 23XI enters on **23** race winless streak exactly **23** weeks from Jordan's Birthday, and exactly **23** weeks into Nascar season, Bubba =**203**, drives **#23** - IMS =**23**

23XI =108 - 23XI Racing =108. Brickyard Four Hundred =108, 108 months after Toyota last won it, Bubba born 10/8. Indianapolis Indiana =1050, exactly 1050 days since Bubba last won.

Bubba Wallace comes with extremely generous 30x-35x odds - he is our Top Pick to Win.

After Bubba Wallace its a 3-car log-jam with Ryan Blaney, Denny Hamlin, and Tyler Reddick.

Ryan Blaney =117 - Brickyard Four Hundred =117 - Brickyard =117. Ford going for 7th Brickyard win 7yrs after last winning it - race on a 7 day. 77th Nascar season, R.Blaney =77, last win came on a 7 day. Seven =70 - Penske =70 - Roger Penske =70 - July Twenty-Seventh =70.

DENNY HAMLIN =119, 119 days after his 1st win this season. Denny making his 707th career start, and its the 77th Nascar season. July 27 =77. Brickyard 400 =59, & Denny going for his 59th Win.

Hamlin is the outright favorite, and the overwhelming trend in Nascar all season long has been the outright favorite winning - so Denny has that intangible working for him as well, odds around 6 to 1.

TYLER REDDICK =62 - Brickyard =62, enters on 23 race winless streak, driving for 23XI Racing owned by: MJ =23. Reddick driving #45, 197 days after his birthday - 45th prime number is 197.

The only negative for Reddick is he's in his Enemy Year. Furthermore, Indy is a Rooster Track. Bubba Wallace & Ryan Blaney are both Roosters, just another advantage for them to Win.
